TELESCOPIC BARRIER BEAM

CROSS 6 TELESCOPIC BEAM

The Matikgate Cross 6 telescopic beam is an extendable beam with LED light strip built in. The innovative extendable beam from 4-6 metres offers a secure solution to entrances requiring authorised access.

The Cross 6 delivers fast, smooth opening and closing cycles while maintaining exceptional durability in demanding commercial and industrial environments.

FEATURES

- Manufactured in Portugal by Matikgate
- Extendable beam from 4-6 metres
- LED light strip built in
- Efficient and safe movement
- Used with the CROSS 6 barrier
